January 23 Grief Groups in Schools - \$30 (half day; 10 a.m. – 1 p.m.)

- *This half-day workshop provides a framework for grief applicable to all ages in all settings, and then presents critical elements for each group (organizing the time – introductions, process, wrap-up) and then provides 10 activities to be used weekly for a 10-week series. It is all done for you – just show up, follow the process, and watch wonderful things happen.*

January 27 Grief, Trauma and Crisis: Strategies That Work! - \$60 (full day; 8:30 – 3:30)

- *This day provides a solid overview of all three areas. Using the six tasks of grief as a starting place, trauma is differentiated from grief, and then intervention strategies that stabilize the school community in the aftermath of these events will empower attendees to clearly focus on strategies that will make all the difference when tragedy strikes.*

Location: Education Services Center, 20420 – 68th Ave W, Lynnwood, WA
